MISSION SAN FRANCISCO DE ESPADA, BUILT 1730, SAN ANTONIO, TEXAS.

The fourth of the four Missions, which used to be the home of the Monks, who tried to convert the Indians. These Missions were also used as places of refuge against the hostile Indian tribes.

No. 9 Paul Ebers, San Antonio, Texas. Pub.

I believe I wrote you about our class contest in S. S. and I am proud to say that I have returned the right to be classed as an honor member at the coming banquet – there are several better halves but so far I am the only Honor member.
